Dear Fellow Marshal,

As the 2018 motorsport season starts to get into gear, I would like to update you on the training available to you to support all volunteer marshals, in Scotland and to those who join us from south of the Border.

Last year we asked for your feedback on the training programme and have listened to that. You asked for training closer to home and a greater variety of dates. This has been a real challenge with so many events going on across Scotland, but we now have a comprehensive programme for marshals across a wide range of disciplines. This is available on the Scottish Association's website [www.scottishcarclubs.com](http://www.scottishcarclubs.com), including information on which modules we will be including at the training event.

During 2017 we had the report from the Sherriff on the Fatal Accident Inquiry into the events at the Snowman and Jim Clark Memorial rallies. In the report he has complimented the standards of professionalism and training of the marshals at both events, but as ever this raises the level of expectation of us as volunteers. Many of his comments apply across the different disciplines in motorsport, rather than being limited just to rallying, and attending marshals training is a good way to keep your skills up to date!

Please keep checking the calendar as more events may appear during the year, but we will be doing our best to avoid changing those already advertised! The next event was due to be the Scottish Motor Racing Club's race marshals training day on Sunday 4<sup>th</sup> March. ***This has just been postponed due to the adverse weather***, and a new date will be published as soon as it is known.

We have two events this year for speed marshals – at Kames on 17<sup>th</sup> March, and Boyndie on 29 July. If you are a speed marshal at any of the tracks or hills I would encourage you to attend, and if you haven't tried marshalling at sprints or hillclimbs please feel free to come along and experience it. The clubs running speed events are always keen to add new volunteers to their ranks and speed events are a great opportunity to meet the competitors and experience some fantastic vehicles.

I hope you find this direct approach helpful. You may also hear about the programme from your local club too. If you think there are gaps in the programme, or that there is a need for a different topic or location please talk to your club's training champion, or email [training@scottishcarclub.com](mailto:training@scottishcarclub.com). I hope you have an enjoyable year of marshalling!

Yours sincerely

RUPERT HINE  
Training Co-Ordinator  
Scottish Association of Car Clubs

SACC Training Calendar as at 1 March 2018

Date	Discipline	Location	Modules	Register
14 January	Instructors	N. Queensferry	Instructors	N/A
