

SACC Autotest Discipline Co-ordinators Report September 2014

East Ayrshire CC will host the 2014 SACC Autotest Challenge at Kames on Sunday 14 September. As in previous years, the SACC will donate the winner's Trophy. Regs have been posted on the SACC website and Clubs have been circulated with details of the event.

Other member clubs who actively promote Autotesting will now be approached to find a host for the 2015 event.

The Dunfermline Civic Trophy Autotest is scheduled to take place on Sunday 21 September in Dunfermline Public Park, subject to final approval by Fife Council.

Dunfermline Community Council are now involved in a programme of improvements for the Park and had to be consulted this year to ensure that the event did not clash with any plans the Community Council may have had for other events in September.

The Community Council has been very supportive and GMSC has received offers of assistance on the day. There is a genuine enthusiasm for motoring events to be held in the Park and the Council officials have expressed an interest in helping to organise other events in 2015.
