### **GoMotorsport Live!**

Thanks to the Clubs who supported this, and to **Knockhill** for allowing us to use the venue. In terms of data capture, over **50 people signed-on** to experience the autosolo passenger ride, run by **750 MC**. This was more than we gathered over two days at the McRae Challenge weekend.

The mock-rescue was a real crowd-pleaser, with the **Scottish Hill Rally Club** to thank for organising this, and their impressive display of vehicles.

Hopefully, this can grow to be a bigger and better show in future, possibly in conjunction with one of Knockhill's larger events. Please help us to make this happen.

### **GoMotorsport Event Fund**

We are giving away **free money**. This is a rarity. The only condition is that the money is used for promotion of a motor sport event. By promotion, we mean creating and producing marketing information, adverts in local newspapers or radio. Surprisingly, there have been few applications to the fund, despite it being a really simple online application process.

**Grants up to £350 are available.** Please have a look at your upcoming events calendar, and think about whether you could make use of this cash boost to promote an event. For information on application criteria, go to

<http://www.scottishmotorsports.co.uk/4-wheel/>

### **School and College Visits**

With the new term well underway, now is the time to look at organising school and college visits to coincide with your events. I'll be visiting two schools in Perth in the run-up to the McRae Stages. Schools and colleges plan their diaries months in advance. It's not too early to be looking at scheduling visits for May and June 2016! Some schools arrange for the local newspaper to feature our visits, so the good PR is a bonus too. Please get in touch if you'd like me to approach your local schools and colleges to arrange GoMotorsport presentations.

### **Club Development**

There are still some Clubs I haven't yet visited. I'd really like to remedy this by the end of the year, and have a chat to your Club about what GoMotorsport can do for you. You may have issues with member recruitment, or want to look at a sourcing a new autotest venue, or want to liaise with the Council to have a static display at a shopping centre over the festive period. We can help! I am available most evenings for club meetings, and would love to get out to meet you all. Please get in touch.
