

## **AUTOSOLO / AUTOTEST REPORT 15/11/16**

Clubs organising AutoSOLO, Autotest, and Production Car Autotests should perhaps be aware of some proposed changes to the regulations for running events from 1st January 2017.

In AutoSOLO a passenger may now be carried to assist in giving directions to the driver (this may get more people involved and encourage double entries).

Entries for AutoSOLO and Production Car Autotests may also be accepted from drivers who are aged 14 years and over. A passenger holding a valid full RTA licence and experienced in AutoSOLO or Autotests must be carried.

The age for entries for Autotests remains at 16.

Full details will be in the 2017 MSA Year Book - read the whole section!
