

Report by cross country co-ordinator

The 2016 season was rounded off with Mudmaster (joint BAMA-SLROC), and the Scottish Borders Hill Rally. Both events were very popular and attracted a full entry.

The off-road season is well under way, with the usual selection of events available from the various clubs to suit all preferences.

The first round of the Scottish Cross Country Championship was hosted by Northern Off Road club at their site at Helmsley, North Yorkshire. The event was very popular, very muddy, and enjoyed by the Scottish competitors and marshals who braved conditions to reach the site. Round 2 is at Callander (15-16 April), round 3 at Huntly (6-7 May), and Round 4 at Forrest Estate (10-11 June).

The Inter-association off-road event is being combined with round 4 of the SCCC. As this round is traditionally part of NORC's championship, there should be an excellent entry.
